SKILLS

Technical Skills

- Python programming
- sql and database management
- Data Science
- AI- Fundamentals
- Data handling

Interpersonal skills

- Management & Co-ordination
- leadership
- Analytical Thinking
- Decision Making

LANGUAGES

- English (Fluent)

CERTIFICATIONS

- Introduction to Artificial Intelligence, Deep Learning, NLP, 2025
- AWS Academy Data Engineering, AWS Academy Graduate, 2023
- Machine Learning with Python, INI, 2024

PROFILE

Motivated and detail-oriented graduate with a strong foundation in programming, data analysis, and software development principles. Skilled in logical thinking, problem solving, and working with modern tools and technologies through academic projects. Passionate about continuous learning, adaptable to new environments, and eager to contribute to team-driven, technology-focused solution.

PROJECTS

Voice Assistant (Python)

Built a multifunctional voice assistant with Spotify integration, emotion detection, and web-based controls.
Tech Stack: Open CV | Spotify API | STMP | STTX

Data Processing (Python) (Data Science)

Built a fully functional data cleaning model which is performing EDA , Data Cleaning, Handling Missing Values and other functions in data life cycle by using two public dataset(Telecom Churn data, Netflix tile data).

Menu based Data Cleaning tool(Jupyter) (Data Science)

Created an interactive command-line menu based data cleaning model which can perform different data celaning operation on your command .

Number Guessing Game (C++) (project)

Created an interactive command-line game demonstrating logical condition implementation.
Tech Stack: C++ | Random Numbers

EDUCATION

- Bachelor of Technology in AI & DS 2022 – 2026
Chandigarh Engineering College ,Punjab
- Intermediate 2022
Nalanda World School , Saharanpur,UP
- High School 2020
St. Mary's Academy , Saharanpur ,UP
